Following on from our first two phases at Equinox in Exeter, Equinox III will provide 147 new homes consisting of 2, 3 and 4 bedrooms made up of apartments, terraced, semi-detached and detached homes. 36 of these properties will be Affordable Homes.

Similarly to the first two phases, this development is a superb location for your new family home, located on the eastern outskirts of Exeter. A new community is being formed, so residents will be able to enjoy a fully equipped sports field, allotments, Park and Ride services to Exeter, plus new local shops and businesses, along with a planned primary school. There will also be a 15-acre country park, which will provide an open green space close to the development.

Our homes are built with traditional craftsmanship. The 147 new homes have been designed to be in keeping with the contemporary architectural style of Exeter Science Park so are beautifully finished in crisp white render, with brick features and timber cladding.

At Cavanna, every home we build is considered and designed with you in mind. The high level of workmanship and exacting standards in planning and construction means you will purchase a quality home to satisfy, and we hope, exceed your expectation.

This means your house is thermally efficient, comfortable and beautifully stylish.

Tailoring your dream home is a delight with Cavanna. Our superior range of finishes in the kitchen and bathroom means you can make your house a home before you even move in. Please do talk to one of our Sales Advisors about our standard options and optional extras*.
